## Volunteers needed for Nationals service

VOLUNTEERS are called for to help at the National Championships that we are hosting in Perth, April 26-29, 2018.

We are very excited to have received 573 entries and now need lots of helpers to ensure the event runs smoothly. If you can help on any of these days please contact our Volunteers Coordinator Margaret Langford at: margaretlangford@iinet.net.au

## Gallipoli Run

REGISTRATIONS are open for this year's Gallipoli Run on April 22.

This 4km or 8km event is run by AWA in honour and support of our war veterans.

To enter please go to the link below: Gallipoli Run Perth 2018

THE 30th 10km TRACK HANDICAP will be held at 7pm at MCGILLIVRAY OVAL on APRIL 12, 2018. This is 17 days before the National Track & Field Championships. The weather is usually cool with very little wind, the track is grass on a cinder base which is quite fast so this could be a good final hit out before the Nationals.

There will be a BYO barbecue after the event. Entry form is below and copies will also be available at club runs.

## Friendly comparisons

OUR annual Friendship events in Kings Park with WAMC give an overall picture of members' performances in comparison with those of the mostly younger Marathon club people.

In the 10km Masters filled three of the first 10 spots, nine of the first 20.

In the 5km two of our runners were in the first 10, and 11 in the first 20.

Only two walkers did the long one, and both are Masters. Short walk – 19 competitors, 16 Masters.

## Committee action!

\* MAWA bid to host the AMA 2020 half marathon has been submitted.

\* Large number of new members in February – now 553.

\* The club has lost money when members have cancelled their bookings for our camps. From now on payment will be required up front.

\* We have just been advised that we cannot hold our Aquinas run due to construction works at the school. An alternative has been found at Curtin. Details on the website and an email sent to members.

\* Equipment for the new results system is being delivered and it will be trialled soon.

\* We will cancel our Paypal account. It has only been used once since 2014.

• With the Australian and World Championships forthcoming, there will be track competition at WAAS this winter as follows: April 3, 10 and 17 plus all Tuesdays in August.

• The club has applied for a grant from Canning Council to purchase new track and field equipment.

• After close of the renewal period, the club had 520 members.

• Our thanks to three new Race Directors: Alan Gray, Trevor Scott and Randy Hobbs.

• After many years as Race Directors, Jeff and Dorothy Whittam will be retiring at the end of 2017. We have decided that from 2019, the Track Handicap will be held at ECAC.

• The new Bold Park run is a very challenging 3km course, so we will just be offering 1 or 2 lap options for the two GOT trophies. We are yet to decide whether walkers will have a separate course in Perry Lakes.

\* The club will be applying to host the 2020 AMA Half Marathon Championship, which would be held in May.

• MAWA nominees for AMA Awards have been submitted.

## Elleker Half Marathon long weekend – June 3

by Basil Worner

**THIS** popular half on a flat, scenic course near Albany has attracted more than a hundred participants in recent years with many runners from the Marathon Club and Bunbury taking the trip south.

In recent years, a 10km support event has also proved popular and the organisers are now featuring a 10km walk, billed as 'self-regulated' to attract keen walkers who may not quite achieve the authentic Olympic demands – but still 'walk'.

Children under thirteen years will be able to enter a 2km 'dash'.

Entry fee for the half is \$50, for 10km events \$40 and the entry form may be found at [www.albanyaths.myclub.org.au](http://www.albanyaths.myclub.org.au)

In its 22-year history, the Elleker has enjoyed ideal running conditions and a two-lap course which includes a tree-lined road through a rural landscape.

Because it has only one short, gentle rise of barely 200 metres, it is generally described as a "fast course". You can see the details of the course and the event on the website.

**This is a genuine country club run which features a big range of prizes and a lunch in the quaint little Elleker Hall.**

You will enjoy the experience but beware: it is a long weekend with other features such as a vintage car race through Albany and vineyard-visiting.

**Accommodation in the town tends to be limited so the message is: get in pretty early.**

For marathon fans, Jim Barnes writes about Alan Morton.

ALAN ran his first marathon, the Slough Marathon in Buckinghamshire, UK, in 1978. "It poured with rain," he said, "and I missed the train home."

Now in his late seventies, the Welshman has run over 400 marathons and ultras. Alan says his family and friends think he is mad doing all the running he does, which now typically includes about 20 marathons a year.

He is also a frequent starter in the Yakima River Marathon in Washington State. Alan does his regular training run with his dog, who he says "knows his way home and leaves when he has had enough."

**Sunday, May 13 at Curtin Stadium**

Aquinas isn't available this year and Curtin Stadium – Kent Street approach – is the replacement venue. Events are 5km, and 10km R&W; 8am start.

HOW reassuring to know that there are still older runners than me (at a young 81) turning out for the weekly Masters events.

Before moving to Sydney we were still referred to as Veterans and of course the monthly magazine and events calendar was simply referred to as the 'Vetrun'. Those were the days when John Gilmore and Cliff Bould were the revered elders.

(Is there still a Cliff Bould event in the season's timetable? – I hope so!)

Like myself, Cliff was a Yorkshire man who came to Australia in 1960 as coach to the British Commonwealth Games team in 1960 and stayed until he died just a few years ago.

He had a dour sense of ironic humour and was never

## Old guys rule?

COINCIDENTALLY, Rob Shand sent me this filleted version of entrants for the forthcoming Nationals.

According to Rob the oldest entrants in the Champs are on their competition days will be:

John Gilmour	98
Jim Sinclair	90
Irwin Barrett-Lennard	89
Cecil Walkley	89
Stanley Lockwood	87
Rob Shand	86
Osmo Millridge	86
David Carr	85
Colin Silcock-Delaney	85

Wonderful! Let's hope we're all around to swell their ranks in years to come. VW

John Spencer writes after seeing recent publicity around Cecil Walkley

short of an amusing or interesting anecdote. One year he decided to compete in the 10,000 metres at the World Veteran games in Birmingham and as usual set himself a rigorous training schedule for an octogenarian.

Some weeks later at a Sunday club run, on asking him how he had done, he proudly informed me that he won the gold medal for the over '80s. When I congratulated him for such a fine performance (and wearing a WA vest) he smiled briefly, looked me in the eye and with a brief wry smile said:

"Aye, but I was t'only runner over 80!"

How many of us would have been so honest to make such a confession? I suspect only those who run for the sheer joy of running – I think Cecil Walkley would agree! ■

Thanks and – seeya soon!

LET'S hope so anyway, as Sandi and Brig will probably be back for a visit next Christmas.

At Deepwater Point we did give a thankyou to the girls for manning the visitor table on so many occasions while they have been staying in Perth. But members who were not present that day may not know of their departure.

They originally met in Perth but moved to Tasmania some years ago, returning a year or so ago for family reasons.

Joan Pellier soon approached them and asked if they could man the visitor table on Sundays which they gladly did for quite a long time. Of course they joined in the walks too.

We're really going to miss Sandi and Brig, wish them well back home and look forward to their next trip to the West.

## Ted Maslen Annual Award

MEMBERS will be interested to learn that the City of South Perth presents the annual Ted Maslen University Exhibition Award, a \$3,000 prize for the highest-achieving Year 12 student in the City. Ted, a long-time member of our club, was a Rhodes Scholar, UWA Professor and councillor at the City of South Perth.

\* Thanks to Helen Lysaght for reminding us of Ted.

Sadly, Ted died some years ago during a club run from Point Walter. Sheila Maslen, pictured, was Ted's wife.

### Real men bring a plate

MOTHER'S Day at Aquinas means clubmen bring the grub, and even though we're at Curtin on May 13, same rules apply. Sweet or savoury, fetch your offerings, blokes, and enjoy the morning tea.

## I'm shamed by a word

SOME readers were offended last month when I used 'shamefully' in describing the 51 members who did only one run or walk in 2017.

That was a JOKE.

To avoid such angst in future, I thought I might add (JOKE) after each intended witticism. Trouble is, I do that a lot (joke, that is). JOKE would be everywhere.

So instead, if ever I write something intended to offend I shall follow it with (this is meant to be OFFENSIVE).

By the way, that was a JOKE.

I asked past-editor Rob Shand for his opinion on this approach and he wrote:

"If you are offended by the contents of this edition, which may be politically incorrect, consider the possibility that it might well be true!"

## Laid-back AGM of 1978

THE club's AGM was a bit casual in 1978! Thanks to Mike Berry for the picture – but it's a pity he didn't write a caption. Rob Shand and Bob Hayres deserve even more thanks for attempting to name the blurry figures. If you can fill in any gaps – to see the colours you'll need to blow up the pic on a screen – please write.

Best guesses are, from left: Jack Collins (in yellow singlet); David Jones to his left; Val Prescott (white singlet); Bob Fergie (white hat); Merv Moyle (black top); Phil Lennie (standing); Frank Usher; Nora Berry; Cliff Bould (reclining); Gerry Nordyk; Enid Crowther; Noel Goff; John Pellier; Derek Crowther. Then there's a possible Brian Danby and Brad Watson (reclining), a few mysteries, then at the table Rob Shand (in yellow); Bob Hayres and Bob Sammells; and John Gilmour (standing).

## In my view ...

The infamous shorts, as worn by the editor!

## Want to get into my shorts?

OKAY, that was NOT meant to be offensive.

But some members have expressed interest, and BOA is now on sale in Perth in a wide range of colours and patterns, at Running Warehouse Australia. As an incentive and member benefit for Masters they'll give a 15 per cent discount online or in-store.

Contacts: Megan Gibson, 52 McCoy Street, Myaree or on 1800 959 970. Her online link specifically for the shorts is: [www.runningwarehouse.com.au/BOAMensRunning\\_Apparel/catpage-RWBOAMRA.html](http://www.runningwarehouse.com.au/BOAMensRunning_Apparel/catpage-RWBOAMRA.html)

They carry lots of gear for athletes and the general link is [www.runningwarehouse.com.au/](http://www.runningwarehouse.com.au/)

Use Discount Code MASTERS15 at check-out to receive 15% off BOA shorts and most other goods, excluding electronics and some already reduced products.

# Friendship Run

JIM Barnes, the original instigator of the Friendship event which has now cemented the Marathon Club/Masters relationship over many years has a record of setting up friendly running contests.

Frank Smith tells how, in the 1980s, Jim invited runners from a visiting US warship to a club run. That led

to lifelong friendships for Frank and others. Chris Lark directed this year; good on him and his team for making

Below, Rod Jurich (No. 1719, M65) is ahead of double-credentialled Jason Kell. He was 1st M40, 5km, with 26:56; and also on this page, you'll find he won the Woodbridge 10km handicap!

## Six years in the planning ...

SO finally it happened! This event was first suggested by John Oldfield around six years ago and we first waited for the Council to install toilets, and then for a slot in the programme. All set to go in 2017, the Swan flooded the week before and the start area was ankle deep in water on race day!

So we all had to wait another year to enjoy this lovely course along the Swan, through open woodland and grassland.

Attendance at around 150 was excellent for a run away from the central Perth area, and many of you who had never been to Woodbridge commented favourably on the running surface and the picturesque course. Many also stayed on to enjoy a coffee at Cafelife in the adjacent park, and we are grateful to the café manager for opening at 7.30am rather than the usual 9am.

With four of the helpers being regular parkrunners at Woodbridge (Jonathon, Abdul, Mike and myself), directing this race was always going to be straightforward. Thanks also to Margaret and Micky at the finish area, and the Edwards family on the drinks station.

And to cap it all, Delia was so excited by the success of the event, she has volunteered to be Race Director next year. Until then.

# Australia Day

Report by  
Race Director  
Sandra  
Stockman

A TOTAL of 126 runners and walkers, including 18 visitors, competed in the Australia Day event held at the picturesque Hinds Reserve, adjacent to the Swan River. Numbers were down a little on previous years, no doubt due to many members competing in the Oceania Masters Athletics Championships in Dunedin. The cool conditions were ideal for running, though the wind may have hampered competitors on the way "home".

It was pleasing to see a female first over the line, the second time in a fortnight. Speedy Amanda Walker ran a great race to win the 5km event in 20:49 minutes.

eight years that I have directed this race. He is always keen to help in any way and is a delight to "work" with. We missed his daughter Bronwyn this year, due to ill-health, but wish her a speedy recovery. Thanks, too, to Clarke's wife, Sue, who joined Clarke at Tranby House on marshalling duties. Sorry about the mozzies, Sue. A big thank you to my dear partner, Kiwi Kev, for helping me collect the gear, cycle the route beforehand and get up at 4.30am on the day to set up the course.

I know it's a bit late (due to *Vetrun* deadlines for the last edition) but – all the best to all Masters members for a healthy and active 2018.

## Arthur did recite!

Thanks to Brian Bennett, we were delighted that former member Arthur Leggett could join us to watch the race, enjoy morning tea with members and recite some bush poetry. Arthur will be 100 in September, about eight months before our patron, John Gilmour.

He tells the story of being able to win his age group every five years but for only eight months! He is an accomplished author, poet, athlete and World War II veteran.

Our club has always welcomed young visitors, like V1 rocket Yoshi Muroi, here leading Ian Carson and Sandra Stockman. Below, Matt Skellern, Bob Lane (1st M70, 10km in 41:35) and Jerry Peters; and bottom pic shows Bek Milne, Keith Atkinson and Brian Danby.

A few years ago, in the 6-Hour Relays, Amanda hands over to Jodie Osborne. She was in a hurry to get to the hairdresser that day.

Only seconds separated newer members Chris Lark and Steve Preece in the 10km event, with both men running just over 38 minutes. Chris was just 17 seconds shy of the course record set by Kim Thomas last year.

A big thank you to all my helpers – Brian, Alex, Jo, Bruce, Toni, Keith, Merv, Michi and Clarke – who did a magnificent job recording, timekeeping, marshalling and attending the drink stations. A special note of thanks to Margaret Bennett, who stepped in to help with the recording when she found out that some of my helpers couldn't assist. Special mention must be made of the wonderful Brian Smith, who has volunteered for the past

Handicaps produce fine line-honours contests. Sandra Stockman said she had to take eight minutes off Gillian Young to win, and almost did. Giovanni can't remember ever feeling so bushed, after "running scared" that Bert Carse might catch him.

Left: Lynne Schickert and Johann Hagedoorn won the walk handicaps; Janne Wells was fastest 5km walker, and V10 Peter Stevenson ran quickest 8km. Bottom left: anyone got the time? And right, Russell felt his handicap was too generous and decided to run without using his hands.

NB: this is a JOKE. For elucidation, please see My View, Page 5.

**I HAVE never considered myself to be athletic and it was by chance that I became involved in the WA Veterans Athletic Club (later changed to Masters Athletics WA) due to getting together with my late wife – Jill Midolo – in 1994.**

Jill was quite active and involved in the Cottesloe Surf Club, the WA Marathon Club and the WAVAC (the 'Vets'). She was a very early member, number 21; I was allocated number 203.

I was never a runner, "couldn't run to save myself" I used to tell people, but I could walk a bit.

So I started in the Vets doing race walking events and proceeded to develop a race walking technique under the guidance and watchful eye of Dick Horsley. It took a couple of years to develop a correct race walking technique, but I persevered and gradually improved, but never to a standard of very good walkers such as John Mison.

During my association with the Vets I did manage to compete in many and varied events and win a few medals too. Such a bonus really; just competing was a thrill for me, remembering I didn't consider myself as athletic.

### **Handicaps**

I did win a few Aquinas handicap events when it was a 10km walk. That was a perfect handicap distance, the current 5km event too short in my opinion.

I also lost a couple; one by a technicality (not being a financial member at the time of the event, blaming my Treasurer for the oversight!). Another I lost by a few seconds when Merv Moyle won the event with a 22 or 23 minute advantage on me. But it did show that anybody could win the event and the handicapper at that time had done a good job!

### **State Champs**

An event I will always remember is competing in the 5,000m walk in the 2007 State Masters Athletics Championships, held in March at the Ern Clarke Athletic Centre in Coker Park, Cannington.

Some members may remember that day, very HOT, with the temperature about 40°C late in the afternoon during that stupid Daylight Saving trial. I did manage to win my

# A Journey with Masters Athletics

*David and Jill pictured together, left; and above, David's determined uphill finish at our Wireless Hill event.*

*As mentioned last month, Jill was once editor of Vetrin, and coined the magazine's title. Among Jill's tributes in 2010, Joan Pellier said "I want people to know what a fine and special person Jill was ... a role model for women members ... when there were far fewer of us."*

age category (M55) with two fouls against me (lucky me); and strangely enough Lyn Ventris broke a World Record for her age category in the same event. After that experience I didn't compete in another State Championship event.

### **State Champs**

It was on Easter Tuesday after the 2007 State Championships that I had a bad fall walking through Kings Park in the early morning. Result was a protruding disc in my back that put me out of action for some time; requiring surgery to remove the protruding bit and bring recovery. Injuries can happen at any time with active people, and walkers are no exception.

I did manage to win a few Club Road Walking Championships, which was something special to be proud of.

### **Capel to Collie**

An event which was a challenge for walkers was the annual Capel to Collie 100km event (with teams of five, I think). I competed in two of these events with Jill and others from the Vets, finishing within the allocated cut-off time, so that was a memorable achievement.

As with many active people, knees can give problems and I wasn't an exception. Jill also had knee problems and changed from running to walking. My knees started to give problems in the late 1990s, particularly the left

knee, requiring an osteotomy in 1999 and arthroscopy in 2001.

That held the knees together quite well until I had a bilateral knee replacement in September 2014.

At the end of 2013 leading up to the knee replacements, I made a decision that I would not race competitively again; I would walk with the group but not in a competitive mode.

The replacement operation was a brilliant success, for which I can be most thankful to the skill of Keith Holt. It also resulted in getting two straight legs, adjusting the left leg from the realigned osteotomy in 1999.

### **Jill**

Sadly, in April 2010. I lost Jill after a short unexpected illness. Attending Sunday events without her has not been the same, although the friendship of members has always been something special. It didn't matter who you were, friendship was always infectious.

The East Perth 'Women's Run', where the men brought morning tea, was directed by Jill and I for many years and by Jill before I came on the scene.

We last directed it in January 2010. It was always challenging with the Nile Street hill getting 'steeper' each year; that is what the competitors said. A yummy morning tea was always a pleasant reward to help

remove the grizzles about Nile Street.

In recent years I have only attended selected events and walked with the group and putting on a bit of pace to prove I could still do it. However, there was someone missing who I couldn't ignore.

### **No renewal**

Based on these facts I have decided not to renew my membership in future years. I will still cycle and walk six days in the week (unless doing Voluntary Guiding duties on Rottnest Island), out very early during the best part of the day, with one day in the week as a 'sleep-in day'.

In closing I would like to thank MAWA and members for giving me the opportunity to become a 'bit athletic' and maintain a fitness level that a lot of people in the community would like to obtain. Your friendship and help along this journey will never be forgotten.

*David Brown, in memory of my wife Jill Midolo*

ALAN, who held club number 68, was born on May 19, 1931, and joined our club in 1983.

Always friendly and supportive, he took a helpful interest in newcomers to the club.

**Basil Worner recalls:**

“I have just realised that it is now almost twenty-five years since I last met Alan – close to a quarter of a century.

“However, I do have quite a few memories of a sincere and serious little man who always greeted me with a handshake and an exceptionally glowing smile.

“This is even more remarkable because we lived on virtually opposite sides of the city and never shared the same ‘training tracks’ like Kings Park.

“But we did share that extraordinary warmth and respect that so characterised ‘the Vets’ in those days and we also shared many long conversations in those lengthy periods of injury recuperation that also seemed to characterise my running.

“It is so long ago that I cannot accurately recall Alan’s specific running achievements but I know that he did relish the challenge of the long run and I suspect that this was partly therapeutic. He did reveal that, at one stage, he was struggling in his workplace.

“I found Alan was a sincerely very devout man – but unostentatiously so – and would have found his particular workplace at the time a trial. He was a gentleman but also a gentle man.”

**Jim Barnes said Alan was:**

“Very determined and competitive.

“He did one marathon in about 3 hours 40; but lots of halves at which he was better. Alan was always in fierce contest with Merv Moyle.”

Alan and Merv Moyle were two members of the M50 team that attempted the 24 Hour Relays on December 10, 1983, just a couple of months after Alan joined us. The full team – including Frank McLinden, Dave Hough, Ray Lawrence, Merv Moyle, Brian Kennedy and Alan Pomery completed 356.056km in 24 hours.

**VALE Alan Pomery**

**Up for it!**

*ALAN relished a challenge. He ran the club 24-hour relay just after joining the Vets in 1983; plus the marathon, half-marathon and also did both the RRC and RWC. No surprise then, that at the end of the Racecourse event in 2005, when I took this picture, he accepted another challenge. The race director promise jelly beans to the most exuberant finisher – and Alan won that prize hands down, and feet in the air! VW*

**Bob Schickert, who kept the RRC and RWC statistics for many years, said:**

“Alan completed the first RRC in 1987, when aged 56, averaging 4.22 per km.

“He did six RWCs between 1995 and 2002, missing 1996 and 1998; and his 7:53 rate per km in 1997 made that year’s winner, aged 66.”

(Currently the MAWA website shows John West as the winner that year of both the

RRC and RWC and therefore needs correction.)

“I remember Alan as a very determined runner, then walker. Special mention must be made of Maureen, who with Bev Thornton sat at the finish recording table for many years. Maureen came along to our Sunday meetings so regularly, even though she was unable to take part in events due to the polio she suffered when young.”

*Below, Alan walking in the Fremantle Sharks event; and below left, starting in the Age-Graded walk at McCallum; both pictures taken circa 2008.*

# 3Ps runner hospitalised

I WISH to thank everyone for the way my fall was dealt with today, it was nothing short of brilliant. The response, caring and feelings shown by everyone was amazing, I cannot thank you all enough.

Obviously I cannot name everyone that assisted, but I am sure they know who they are, and for that please accept my most humble thanks. Being a new member with the club, I am sure I will get to know a few of them, and have the opportunity to thank them personally.

May I thank members Janice and Wayne Bertram, who were amazing in getting my car, and myself home in the afternoon.

## 'Thanks' from Frans

I apologise to everyone, because it was me making the mistake, in not getting my nutrition and hydration correct. I promise to work on that. After the hospital visit for a couple of hours, and the sugar level back up, I was discharged with no other complications.

Again, I hope I didn't cause too much inconvenience, and I'm looking forward to the next race!

Best regards,  
Frans Karel

We had a couple of incidents, with Irwin tripping up from the result of a dog and another of our valued members having to be taken to hospital by ambulance. Hope you are both recovering and feeling well.

Special thanks to the members who assisted and cared for them on the day.

Hope to see everyone back again next year.
