EDITOR : BASIL WORNER 3879702(W)

SECRETARY : SANDI WALTON 3392988

CLUB ROOMS

Members will remember that the Committee began to negotiate with the Perth City Council for the development of existing changerooms at McCallum Park. This discussion began about 18 months ago and the Committee put in a submission to Council in November 1985.

The following letter is a response to our proposal :

FROM THE COMMITTEE

COUNCIL HOUSE
27-29 ST GEORGE'S TERRACE
PERTH WESTERN AUSTRALIA
GPO Box C120 PERTH 6001
TELEPHONE 425 3333

City of Perth

PLEASE ADDRESS LETTERS TO THE TOWN CLERK

ENQUIRIES TO

Miss Colyer

YOUR REF.

OUR REF

G/McCallum
FAS:EMS

28 July 1986

The President
W A Veterans Athletics Club
c/o 8 Jacobson Way
THORNLIE W A 6108

Dear Sir

Your request seeking the Council's approval to build clubrooms on McCallum Park was considered at a recent meeting.

It is noted your proposal does not comply with Council policy in that the building is not to be used for river-related activities. In addition the building is for use of one group and not for use by the general public. The location is not considered suitable to the sensitivity of local residents to any development of the Reserve. The location is further complicated by the siting of the building over a dedicated but unconstructed road, being Garland Street.

It is noted your Club was prepared to direct your proposal to an extension of the tennis pavilion on the northern side of McCallum Park Tennis Courts, this submission may be more favourably considered.

Any further proposal from your Club would need to be compatible with any plans the Council may have to upgrade the tennis pavilion. Use by tennis court patrons and the park users would also have to be considered. The submission in its present form cannot be supported by the Council.

Yours faithfully

R F DAWSON
TOWN CLERK

The Committee considered this letter and concluded that the Perth City Council has unequivocally declined to permit our club to develop rooms at McCallum Park.

However, the Committee believed that it was obliged to pursue the matter further. It discussed the possibility of sharing existing facilities elsewhere and not necessarily tied to a Local Government Authority.

It resolved, therefore, to investigate alternative venues as centrally located as possible.

NOTE FOR RACE ORGANIZERS:

When writing results of runs, please list visitors in a separate section at the end of the list.

Please do not give them an age group or include them in the result list, as such.

FUND-RAISING:

There were two responses to the issue of a Quiz Night for 1986.

After further discussion, the Committee agreed that there appeared to be no need, at this time, for such a function and decided that it would not organize one in 1986.

CROSS-COUNTRY CHAMPIONSHIP - OCTOBER

Since the publication of our calendar, further concrete paths have been laid in King's Park. This makes the 3-lap course inappropriate.

The Committee decided to use the original 2-lap course for 1986.

TIME TRIALS, OCTOBER - DECEMBER, 1986

The full programme is published in this 'Vetrun' and further copies are available from the Editor.

PLEASE NOTE:

VENUES: To cater for "both sides" of the river, the first 5 sessions will be at McGillivray and the next 5 at Coker Park.

3,000M: Time permitting, 3,000M races will be organized, but these will not be the responsibility of the organizers of that session.

RELAYS: Relays will be organized for the last 5 sessions, e.g. 4 x 800, 4 x 400, 4 x 200, 4 x 100, Medley (800, 400, 200 x 2). Again, these will not be the responsibility of nominated officials.

These should be useful training events and will also give us the chance to establish state records in these categories.

OFFICIALS: We have tried to use as many "new" officials as is reasonably possible to enlarge our pool of experienced officials available for the 1987 State Championships.

THANKS !

To Stuart Hoskins who has kindly agreed to help in the position of Equipment Control Officer.

This has been a big help as Stuart has already "delivered the goods" at the Shoalwater run .

Perhaps some members may not have seen a great deal of Stuart. In fact, he and Louise have just joined the club in the last few weeks.

It is a very healthy sign that new blood in the club has been so ready to step forward and offer to help.

You may remember that, in the last newsletter we mentioned that we had received an offer of typing assistance from another new member, Tina Carman and that she had, alone and unaided, typed the August issue - no mean feat because we had some unavoidable delays.

Many thanks to Tina, Stuart and Louise - and many happy returns !

THANKS AGAIN:

Talking of "happy returns", this is an opportunity for me to thank all of you who played a part in helping to improve my culinary experiments last week. I have no way of knowing all contributors - so a general and very warm thank you to you and the Hon.Organizer!

NATIONAL VETERANS NEWSPAPER

Yes, it is going well! Sandi reports that she is getting a "steady flow" of subscribers.

If you want to purchase a single copy of this paper for Australian veteran runners, you can see Sandi with \$2.

Thanks to Richard Harris again for his contribution. He has done an article on Don Caplin which we hope to see soon.

AUSTRALIAN VETRANS' T & F CHAMPIONSHIPS ADELAIDE, 1986

(Allen Tyson)

It is good to be back and running again in our local events and fine to see the increase in the fields.

Many people over east send best wished to W.A. Vets that they have competed against over the years.

It was a great experience to renew acquaintences and watch the top veteran athletes in Australia. Thanks also to our non running supporters.

The National Championships in Adelaide were highly successful and thanks are due to Dave mallett and his hard working team.

It was gratifying that so many events started on time.

S.A. calls itself the driest state in the continent - as does W.A. - and the heat at Easter did not allow for many fast times in the distance events. (Solution: Become a sprinter or a middle distance runner!) The Cross Country Course was pleasant and not too difficult.

Keen track and field competitors Dave and Pat Carr, Cliff Bould, Dorothy Whittam, Val Prescott, Allen and Valerie Tyson have already booked in Melbourne 1987.

Here are some budget prices;

(July, 1986):

SPENCER STREET HOTEL,	44 Spencer Street Melbourne.	626 991
	\$15.00 single room.	\$11.00 each "2 share"
	\$9.00 each "4 share"	\$8.00 each "6 share"
MIAMI MOTOR INN,	13 Hawke Street West Melbourne.	329 8499
	\$17.00 single room.	\$12.00 each "2 share"
ROYAL HOTEL,	75 Flemington Road North Melbourne.	329 6020
	\$20.00 single room.	\$10.00 each "2 share"

* LETTER FROM JOHN GILMOUR:

LETTERBOX

" I thought I would give you a bit of the run-down on our trip to China for the newsletter. Peter, Gwen and myself enjoyed the trip very much and I would go again if a tour came up and I could afford it, for they are very friendly people, the accommodation was very good and lots of very good Chinese food.

I was in Nanjing where we had our track meet with the temperature in the 100°F and the humidity worse. It was a one-day athletic meet and I decided to miss the 800M and have a go at completing the 1500M, 5000M and 10,000. There was no chance of running good times so I decided to just run to do your best and hope that meant a win. The fields were not very strong. We had 20 Americans and one Scot, plus the Chinese and Peter Davies and I won the 1500M over-all in 5min 15, an American was 2nd, a Chinese 3rd. The 5000M was the next event on the programme. I had a 50 y.o. Chinese man to contend with. As he never ran in the 1500M he was pretty fresh. I couldn't stay with him so I decided to try and hold 2nd place and therefore even my age-group, which I did. Peter Davies was unlucky in this event stopping one lap short and so was disqualified. Not very nice running 11 laps in such terrible conditions and missing out, for the fellow he was running with won his age group.

In the 10,000M in the afternoon, I had another fresh 50 y.o. Chinese to worry about, but after 4 laps, I took over the running and went on to lap all competitors in the field and the early pace maker finished 2nd. It was only through my hard training before going way that I stood up to the very hot conditions. The fellow from Scotland collapsed and took some time to recover.

We travelled from Manjing to Wuxi by train. This province is noted for it's silk factories which was very interesting to see operate. We also had a boat rode on the Grand Canal, man-made and linking Beijing with Hangzhou, a distance of 87 miles.

We then travelled to Hangzhou by train. It was here we had our second athletic competition. It was a 10K and 5K road race around part of the Great West Lake, a terrific course run under over-hanging trees and over little causeways joining small islands with the main lake. The 10K race was started and then the 5K runners were taken to the half-way and sent on their way so that there was all runners at the same finishing point.

Here once again, a 50 y.o. bracket Chinese was my main opposition, but by half-way, I knew he was finding it hard to keep the same pace, so I decided it was time to increase the pace and I went on to win 2 min. ahead of him in 39min 35 sec. which was a new course record. Peter Davies finished 3rd in his age group. I also received a trophy for running the last 5000M faster than the winner of the 5000M event which was won by an American by the name of Norman Anderson. It was still very hot in this province - too hot for distance running in the nineties. The Chinese put on a great banquet the night of the presentation of trophies. There were 13 different dishes - very tasty.

It was here I left the party and returned home, while Peter and Gwen left by train for Shanghai. An end of a very enjoyable tour of part of China for me. "

Morland Smith
6 Godin Court
CHURCHLANDS WA 6018
June 7 1986

Dear Basil,

Some members may be interested in a recent experience of mine which shows how difficult it is at times to mix some professions (including mine as an exploration geologist) with athletic endeavour.

I'd set my goals late last year - 4.15 for the M45 1500m at the State Vets Championships and 4.10 in the Nationals two weeks later. Then in December came the offer of an assignment in West Kalimantan during February-March:- a month or so exploring for Gold. This was an opportunity too good to pass up.

So I packed my running gear on February 8 and figured that I might somehow manage to maintain reasonable aerobic fitness by walking or jogging along jungle tracks and could perhaps fit in a little speed work somewhere before returning home. Jakarta from 10th to 13th was fine. By getting up very early I was able to fit in 10 km a day before people, traffic, smog and humidity became unbearable (around 6.15 AM). Then it was on to Pontianac, the capital of West Kalimantan, Borneo. Still O.K. - the streets were safe and satisfactory to run on up until about 6.30 by which time there were literally hundreds of bicycles,

motorbikes and pedestrians. By now I was getting a lot of strange looks from the locals to whom a white man is a rare sight, and a running one even rarer.

From here we flew inland to Putusibau and for the next few days it was boat and sampan travel on rivers and creeks as we worked our way into the hills, and absolutely impossible to fit in any training. Eventually on the 18th February, we arrived at the native village of Riam Mengalai which became home for the next two weeks. I had heard that there was a soccer field here and searched it out on arrival. Perfect. I could even do some speed work if I skilfully dodged around the grass tussocks and jumped a few shallow ditches.

Some of the local village people had never seen a white man before. Imagine their thoughts on seeing a silly Australian Gringo running around in circles the next morning before dawn. I soon had an audience of some 30 or 40 natives - nothing like this had even happened in Riam Mengalai before. The next morning the audience was there again, this time counting off the laps, duapuluh, duapuluh satu, etc up to empatpuluh (40). On the third morning, about 20 of the village children decided to run with me so I had company for the first time. By now I was feeling pretty pleased. I was fit, could do some speed work, was fitting in well with the locals, and I felt I still had a chance of running good times at the Championships.

Then disaster struck. Whilst walking along a muddy jungle track in the rain, I slipped and fell forward onto the sharp edge of a metal sieve I was carrying in front of me and with a sharp twinge of pain, I knew I had cracked a rib or two. Sore to walk, impossible to run, and now the dreaded diarrhoea.

The natives use the river water for washing and drinking, as well as their ablutions and although we had the Chieftain's wife cooking our rice for us, my body succumbed to all the nasties. But Lomotil to the rescue - by carefully rationing out the pills, we were able to maintain some semblance of bowel stability and kept working. When the lomotils ran out, it was on to the Chinese Po Chi pills. Still I could tell I was losing weight and getting weaker. Finally on my last day before heading back to civilization, on one of my numerous trips to the riverside floating dunny, I strained my lower back whilst squatting precariously over the fast flowing river.

The diarrhoea continued to plague me back in Jakarta and only settled down on my flight back to Perth. I arrived home on Thursday 13th March two days before the Championships, an absolute wreck, looking haggard and drawn, 7 kg lighter, strained back, cracked ribs and hopelessly out of condition.

Oh well, maybe I'll make it in '87.

JORGENSEN PARK

13/7/86

With weather conditions quite damp, it was pleasing to have more than 50 participate in this difficult run.

Don Caplin and Brian Danby maintained their good form, as did David Carr.

Amongst the ladies, Joy Sanger continues to improve, while Marg Forden and Sandi Walton showed good build-up for the marathon. It was good to see Pat Weston making a return to form and June Strachan also after her sojourn abroad.

We did say a brief word of thanks to Bob Harrison in the previous Vetrun. Bob's contribution on this day is always welcome and we hope that we can look forward to many more.

Thanks also to Alan and Maureen Pomery, the Race Organizers. Cross Countries are usually a little more difficult to organize than some other runs and, of course, the damp conditions did not help.

However this was again a well organized run and a chance for the "Easterners" or "Hillbillies" to have a run a little bit closer to their homes.

Thanks Alan and Maureen!

YANCHEP PICNIC RUN

Yes, the course was again a treat and, sometimes I'm told, a "threat" with the unwary sinking up to their hocks.

The weather was great - thanks!

The games were a reminder of the claim that: "sport is the extension of war"! The version of "hockey", in particular, gave further emphasis to the belief that the word is derived from the Gaelic "hackey"! Ask former hockey reps Sandi and Cheryl who shook their heads in total disbelief at some of the umpiring (?) decisions (?). Another one to shake his head was Robbie Bell - after that part of his anatomy made firm contact with another head belonging, we believe, to the Liverpool Lad!

Any Lawyers in the club!

But it was a great day (and-a-half), though someone from Floreat made news when he told Val he had to leave early: "to prune the roses".....!

Thanks again to Barrie and Joan (and their helpers) for putting on another unfortettable day.

Oh, by the way.....we did do some running and here are the results and times, if you think they're important!!

BIBRA LAKE RUN - 17/8/86

82 runners turned up for a new location run for the club. For a change, it was nice having it on the south side. Come on you southside members, how about other places organized for runs???? Jo (Stone) enjoyed the first 6KM so much in this place that after finishing, she decided to start again!

The weather did what I told it and delayed raining until after most people had their BBQ over. John (Russell) was the only doubting Thomas, but the tent did come in handy for the late stayers, so thanks for the effort of bringing it, John.

Selby (Munsie) easily accepted the request to do the timekeeping. (By taking advantage of your injuries, I was able to run in my own run. So thanks for doing it, Selby).

Well, my name is on the programme, so I'm the "Race Organizer". But my helpers, June & Duncan Strachan, Pat Barnes, Wally, and not forgetting the second-in-command, Robert F., did all the organizing.

See you next year.

PHYLLIS FARRELL
